PROFILE SUMMARY

Aspiring Software Developer with a strong foundation in AI/ML and full-stack web development. Experienced in building intelligent web applications and machine learning models. Passionate about solving real-world problems using data-driven approaches and modern technologies.

EDUCATION

Anurag University

B.Tech in Artificial Intelligence and Machine Learning — CGPA: 7.60 / 10 2023 – 2027

Narayana Junior College

Intermediate (MPC) — Score: 921 / 1000 2021 – 2023

Dr. Kishore's Ratnam Techno School

SSC — GPA: 10.0 / 10 2020 – 2021

TECHNICAL SKILLS

Languages: Python, Java, C, JavaScript, HTML, CSS

Frameworks & Technologies: Angular, Node.js, Express.js, MongoDB (MEAN Stack), Machine Learning (Scikit-learn, NLP)

Libraries: NumPy, Pandas, Matplotlib

Databases: MySQL, MongoDB

Tools: GitHub, Google Colab, VS Code, Jupyter Notebook

Soft Skills: Communication, Teamwork, Leadership, Problem Solving, Time Management, Adaptability, Continuous Learning

PROJECTS

EASYMEDS – Smart Medicine Recommendation Website | *MongoDB, Express.js, Angular, Node.js*

- Developed a web application that recommends medicines based on user symptoms, age, and frequency (acute, chronic, recurrent).
- Designed an intuitive front-end using Angular and implemented RESTful APIs for efficient data handling.
- Collaborated in a team of 4 to successfully deploy the application on a local server for testing and demonstration.

Fake Product Review Detection System | *Python, Machine Learning (Scikit-learn, NLP)*

- Built a machine learning model to detect fake or spam reviews from e-commerce product data.
- Applied Natural Language Processing techniques such as text vectorization and sentiment analysis.
- Improved review authenticity classification accuracy using supervised learning algorithms.

ACHIEVEMENTS

Hackathon Participations

- Actively participated in multiple national-level hackathons, demonstrating strong problem-solving and rapid prototyping skills.
- Gained hands-on experience in collaborative development, ideation, and delivering solutions within strict deadlines.

CERTIFICATIONS

Infosys Springboard Certifications — HTML, CSS, JavaScript

Oracle Certified — Generative AI Foundations

MindLusters Certification — Design and Analysis of Algorithms (DAA)

Cisco Networking Academy Certification — Introduction to Cyber Security
